

Garden Rental Relationship Application

Name: _____

1) Are you going to be around for the majority of the summer? If you are going away, do you have someone to take care of your garden whilst you are away?

2) Outline your gardening experience? Are you able to care for your garden without professional assistance?

3) Do you have access to gardening space in your yard or neighbourhood? Preference will be given to people who do not have access to garden space. Because there are a very limited number of rental beds available, the bed is considered rented when you have paid in full.

4) Do you live near The Community Greenhouse? Gardens require regular attention and love, we want to make sure you are close enough to engage with your bed.

FYI:

Your rental bed is your bed for the whole summer. The fee is for the whole summer. Only organic gardening methods please.

We will have an evening meeting to get everyone oriented with their spaces and each other.
